

PÙRE
OBAGI

Nu-Derm Fx System

Suitable for Normal to Oily skin

Obagi Nu-Derm Fx Systems dramatically improve the appearance of hyperpigmentation, and helps clarify and brighten the skin.

Key ingredient, 7% Arbutin, is a natural and effective skin-brightening agent. Antioxidants and exfoliants help enhance and even the appearance of skin tone for healthier, radiant skin.

Includes:

- Obagi Foaming Gel
- Obagi Toner
- Obagi Clear Fx
- Obagi Exfoderm Forte®
- Obagi Hydrate®
- Obagi Blend Fx
- Sun Shield™ Matte Broad Spectrum SPF 50
- Retinol 1.0

PURE
OBAGI

Nu-Derm Fx System

Morning Routine

- 1** Obagi Foaming Gel
Massage a small amount onto skin and rinse with lukewarm water.
Perform a second cleanse if wearing makeup. Rinse and gently pat dry with a clean cloth or towel.
- 2** Obagi Toner
Saturate a cotton pad and gently wipe over the entire face.
Allow to dry naturally, do not rinse. Avoid the eyes.
- 3** Obagi Clear Fx
Apply after cleansing and toning the skin. Use 1/2 a gram (a fingertip length) over the entire face, extending to the hairline and over the ears.
- 4** Obagi Exfoderm Forte®
Apply to thoroughly cleansed and toned skin. Apply 1/2 a gram (a fingertip length) evenly to the entire face using your fingertips and massage until completely absorbed. Wash hands thoroughly after.
- 5** Obagi Hydrate®
Apply to thoroughly cleansed and toned skin. Massage 1-2 pumps to entire face as needed, morning and night. Follow up with SPF in your morning regime.
- 6** Obagi Sun Shield Matt Broad Spectrum SPF 50
Apply to thoroughly cleansed and toned skin as the last step in your skin care routine. Massage into the skin to cover the entire face and neck evenly. Reapply every 2 hours when in the sun.

Evening Routine

- 1** Obagi Gentle Cleanser
Massage a small amount of cleanser onto skin and rinse with lukewarm water.
Perform a second cleanse if wearing makeup. Rinse and gently pat dry with a clean cloth or towel.
- 2** Obagi Toner
Saturate a cotton pad and gently wipe over the entire face.
Allow to dry naturally, do not rinse. Avoid the eyes.
- 3** Obagi Clear Fx
Apply after cleansing and toning the skin. Use 1/2 a gram (a fingertip length) over the entire face, extending to the hairline and over the ears.
- 4** Obagi Blend Fx
Apply to thoroughly cleansed and toned skin. Mix 1/2 a gram (a fingertip length) of Blend Fx with your Retinoid and apply evenly to the entire face.
- 5** Retinol 1.0
Apply 1 pump to the entire face, gently massage until fully absorbed.
